**Subject:** RE: Invitation to meeting with EPA Principals next Monday, 8/29 - UPDATE - Teleconference Line

Mike,  
Thanks for the heads up on potential topics - I will make sure this information is provided to the EPA principals before our meeting with the conservation groups on Monday afternoon. I appreciate your taking the time to identify the topics that are the priority for discussion.

Subject: RE: Invitation to meeting with EPA Principals next Monday, 8/29 - UPDATE - Teleconference Line

Hi Dianne,

Thanks again for setting up the meeting on Monday. Several of us convened today to discuss that conversation, and we thought it might be helpful to let you know what we'd like to discuss.

We hope to talk with the agency principals about the need to think holistically about the Arctic region, to account for the likely cumulative impacts from increasing industrial activities, and to recognize the precedent being set by EPA now as it considers permit applications.

More specifically, we will discuss the public process as it plays out in Arctic communities; the air and water permits for proposed exploration activities; CD-5 and nearshore state NPDES permitting concerns. In addition, we imagine touching on the Bristol Bay watershed assessment, 404 permit oversight, Cook Inlet General Permit concerns, State anti-degradation standards, and the Polar Code.

Please let me know if this poses any difficulty for the agency or if you'd like any clarification.

Again, I will participate by teleconference, but there will be a number of representatives in the room.

Thanks,

Mike

Subject: Invitation to meeting with EPA Principals next Monday,  
8/29

Dear Conservation Group representatives,

Next Monday, August 29 from 3:30 to 5:00 PM EPA is hosting a meeting with a number of Agency Principals who will be traveling to Alaska from Washington D.C.. and Seattle and interested representatives from Conservation Groups. This meeting will be held in the Federal Building. The principals and other EPA participants are listed below. On Tuesday EPA will be traveling to a few North Slope communities and to Prudhoe Bay, with a focus on both offshore and onshore oil and gas activities, including air, water and wetlands. There will also be a stop in Kivilina and at Red Dog.

I apologize for this late invitation that resulted from a communication error. I sincerely hope that you will be able to attend this meeting on Monday, and would appreciate your letting me know if you are available.

Please remember you must have a valid ID to get into the Federal Building. The building location is 222 W 7th Ave, and the conference room is on the 5th floor, south side of the building.

Principal Attendees:

Janet McCabe -Deputy Assistant Administrator, Office of Air and Radiation

JoAnn Chase - Director, American Indian Environmental Office, Office of International and Tribal Affairs

Dave Evans -Director, Watershed Division, Office of Wetlands, Oceans, and Watersheds

Lisa Garcia- Associate Assistant Administrator for Environmental Justice

Dennis McLerran - R10 Administrator

Kate Kelly- Director- R10 Office of Ecosystems, Tribal, and Public Affairs

Again, apologies for this late notice and I look forward to seeing you on Monday if you are available. Please do not hesitate to call or email if you have any questions and to RSVP.
